b. During a visit this week to Cherlin College, which has 300 highly selected Black students among its total

25X1A enrollment of 2000, was invited to arrange to have a team of Agency Black professionals talk with the Black students. A date in January is being negotiated.

3. Processing of Clerical Personnel: We have made some further improvements in the clerical selection and ECD process in Clerical Staffing Branch. In order to reduce the smount of processing after ECD, we have begun arranging pre-employment medical and security processing for clerical applicants who live in the Matropolitan Area. When these applicants ECD, they are ready immediately for induction, training, orientation and assignment without the necessity for medical examinations and security interviews. Also, we have advised our Washington Area Recruitment Office that applicants who are tested by WARO and who pass the typing and shorthand tests will not be retested at the time of ECD which has been the case in the past.
